Close2You: Lustful compositions

Melodious names such as Allegro, Rondo, or Flores carry the soft vibrations of the unmistakable melody of lust; Close2You love toys are masters of their art – every step you take will be more than enjoyable...

It's all in the name: Close2You sex toys provide a more direct and soft way of targeted stimulation. This new generation of love toys is a harmonious amalgamation of classic and modern elements: Their smooth shapes and decent design perfectly adapt to the body, while their functionality and refinement take the user on a lustful and melodic expedition – a true feast for the senses!

The orchestra

Allegro, the perfectly shaped vibrator for external stimulation, for instance, sets its virtuoso into a cheerful and playful mood. Not only does its design meet highest demands – its melodious and powerful massages are a true feast for the senses. With this cheerful tempo indication provided by the six rhythms of vibration, the foreplay might already become the climax!

The small love ball duo Loa is the perfect instrument for erotic foreplay. Inserted into the virtuoso's love

hole one after the other, these two love balls with their rotating cores will make the muse sing. And after that: Raise the curtains for the act of love!

In its design and handling, Triole unites both, style and perfection. The six synchronised rhythms of vibration provide variety and continuously elicit new tones from their muse. Passionate sensations will be composed anew every time this product is used!

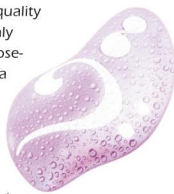

The G-spot vibrator with the melodious name Flores does not only excel due to its groove design, but also because of its flamboyant clef ornaments which sensitively stimulate the clitoris to the rhythm of the music. The eight levels of vibration set the tone: be it ritardando (decelerating), accelerando (accelerating) or stringendo (pressing forward) – musical and lustful varieties are guaranteed!

The G-spot vibrator Flores provides a real interplay of sensations. Beautifully and anatomically shaped, it is not only an artistic masterpiece, but also gives its virtuoso a fabulous final movement.

Confidence creates closeness

With Close2You love toys, lust is experienced more harmoniously than ever. But these innovative love toys do not only stick out due to their functionality and design, but also due to their safety. All Close2You products are

subject to very strict quality controls – because only confidence creates closeness. And to prevent a disturbance of this closeness because of unromantic noise, Close2You love toys are particularly quiet: Intimate togetherness in a harmonious atmosphere is the goal these high-quality products were made for. The virtuoso herself decides whether to enjoy intimacy with these love toys solo or with a duet partner. Either way, everybody experiences their own symphony of lust the way they like it – closely and directly.

Dacapo - once more!

This high-quality product line is topped off by included the accessories, making each love concert a masterpiece of eroticism: Every Close2You product comes not only with the suitable batteries, but also with a cleansing cloth and an elastic cock ring to provide standing ovations. Other accessories include the Close2You lubricant „Glissando“ for gliding stimulations. This soft lube gel was especially developed for the Close2You product line and caresses the skin as soon as it is being applied. And after every magnificent performance, the stimulating instruments can be put inside the noble sachet made of velvet – where they will wait for the next great show.
